

ONE-ON-ONE TECH HELP August Schedule

CALS has expanded the Digital Literacy Department to include not just the role of the Digital Literacy Specialist, but also two Digital Literacy Guides.

This team is available to help patrons one-on-one with anything that might be hindering them. Whether you need to create an email address (or just figure out how to access your current email address on your smart phone) or find that Excel spreadsheet is too much to handle, the Guides can help walk you through it. The Digital Literacy Guide position was created towards the end of 2021 with funds received from a grant provided by the Windgate Foundation.

Appointments can be made with Jakeob Ward at McMath or Camille Davis at Dee Brown.
